

Is it COVID-19?

COVID-19 symptoms can include fever, cough, and shortness of breath. This may be similar to other illnesses, like the flu and common cold. Many people with COVID-19 have mild or few symptoms, and some may have no symptoms at all.

If you are able to manage your symptoms at home, you don't need to seek care or get a COVID-19 test. Contact your medical provider for any symptoms that are severe. **For medical emergencies, such as difficulty breathing, call 911.**

	SYMPTOMS	COVID-19	FLU	COLD	ALLERGIES
